FROM THE DESK OF

Lawrence S. Lapidus

IF following a car accident or fall on commercial property, you experience:

- Loss of consciousness, even briefly
- Severe and persistent headaches
- Dizziness
- Blurred vision
- Memory loss

You probably suffer from a concussion.

Concussions create serious medical and legal issues requiring the attention of experienced medical and legal professionals. Over the course of several decades of law practice, I have helped my clients to obtain compensation from liability insurance carriers for medical charges, as well as loss of income and in severe brain injury cases, loss of earning capacity. **Most importantly, I have obtained compensation for my clients' pain and suffering and for the impairments which people suffering this injury typically experience on a daily basis.**

If you, your family or friends suffer injury in an auto accident or in a commercial property fall,

Personal Injury Protection (PIP): What You Need To Know

A little noticed benefit in most auto insurance policies is a no-fault provision called "PIP" in Maryland and D.C. or called "Med-Pay" in Virginia. This benefit will either pay the medical provider DIRECTLY or REIMBURSE THE INJURED PERSON FOR MEDICAL BILLS, **BUT ONLY UP TO THE AMOUNT OF INSURANCE PURCHASED.**

In D.C. you need legal advice to decide whether to elect this benefit since it may waive the injured person's right to seek compensation for pain and suffering.

In Maryland, every insurance sales agent will offer PIP coverage, but may fail to mention that the minimum amount of \$2500 is inadequate in view of current medical charges. Most people need more than the minimum for adequate financial protection. Everyone needs PIP or Med-pay even with health insurance.

If you have a prior injury or have a medical condition which makes you MORE susceptible to longer medical treatments if suddenly injured, you will need more PIP or Med-Pay coverage than the minimum your sales agent will offer.

Ask the sales agent **"HOW MUCH WILL THE MONTHLY CHARGE BE FOR MORE THAN THE MINIMUM?"**

Keep my 24-hour number on your phone "contacts" list to call me immediately if you or someone you know is injured: **202-578-2237.**
